

# StarFire Heat Dancers

The purpose of the Heat Dance Team program is to promote state spirit and a positive attitude within each student as an individual in their community through performances, competitions and activities as deemed appropriate by the Company Owner. The Competitive Dance Team members are expected to be positive role models.

The Heat Dancers are divided into six groups based on age range, and skill levels. Each member will undergo an audition to determine which group is best fit. The Heat Dancers will perform competitively and non-competitively in a wide range of dance styles. This is an exciting, challenging and rewarding experience for each member to perform in front of large crowds, meet other performers, and artists and travel representing the StarFire Productions, LLC. A photo shoot will highlight our awesome teams. Heat Dancer team information will be given after auditions to during Parent Meeting following auditions!
