

StarFire Xtreme Cheerleaders

The purpose of the Xtreme Cheerleaders program is to promote state spirit and a positive attitude within each student as an individual in their community through performances, competitions and activities as deemed appropriate by the Company Owner. The Competitive Cheerleader members are expected to be positive role models.

The Xtreme Cheerleaders are divided into five groups based on age range, and skill levels. Each member will undergo an audition. The Xtreme Cheerleaders will perform competitively and non-competitively in a wide range of events. This is an exciting, challenging and rewarding experience for each member to perform in front of large crowds, meet other teams and travel representing the StarFire Productions, LLC. A photo shoot will highlight our awesome teams.

Xtreme Cheerleader information will be given after auditions to during Parent Meeting following auditions!
